MigraConnect | Connecting Migrants to a Better World

Project Number: 2025-1-DE02-KA210-ADU-000358906

About MigraConnect

MigraConnect Project champions using experienced migrants and refugees as mentors to help newcomers settle in.

They propose creating a Peer Mentoring method and training course to equip these already-integrated individuals with the skills to guide and support new migrants through the social and work integration process.

The key idea is that established migrants, having already navigated the transition themselves, can offer invaluable understanding and support to newcomers

The MigraConnect Training Toolkit: Drawing on proven methods for peer mentoring in adult education, this toolkit provides open educational resources (OERs) specifically designed to train future MigraConnect Mentors.
